I do not like the idea of GLOM being in our neighborhood. This is a family neighborhood. We do not need businesses bringing our house value down. I live over here so I can live in peace and not have disruptions. I didn't buy a house in Merced for my property value to be going down and to live near disruptive patients or residents. I already hear the police in cavalier court. Also, I already live near disruptive college students who take up my parking spaces out on the street.

I have kids that live on my court and I am concern for their safety as well as my own children. Please do not allow this business into my neighborhood.

Please revoke their permit. I am telling you if I have to deal with this residential GLOM your officers will be busy with me calling them constantly putting in a complaint.

I do not like GLOM in our neighborhood.
