I just wanted to voice my concerns about the GLOM facilities being placed in my neighborhood. As a long term Merced resident, I have lived in most parts of the city of Merced. I grew up on west 22nd street but my family moved to north Merced when the neighborhood went downhill. While I went to college I lived on meadow ave when gunshots were a common occurrence. I worked hard and saved money to better my living situation. Years later I was finally able to afford to buy a home in a good neighborhood, this was to be the house that I raised my kids in. With facilities like GLOM setting up in my neighborhood, I don't feel like it's a safe place to raise a family and unfortunately if I do sell my house and relocate I would not be staying in Merced. Please take people like me into consideration when you are discussing this matter.

Thank you.
