To Mr. Shelton -  
Please see my forwarded letter that I sent the Planning Commission in September/  
October regarding the property next door to me. I am against having these types of  
facilities in my neighborhood that are continuing to add to our Public Safety with  
congestion of cars parking on our street and trying to pull you cant see around parked  
cars on tge side street. Also, I do not feel safe knowing that I have people that have  
severe mental issues living in a business next door to me. This is a neighborhood, i do  
not want a business in my neighborhood. Help because at the next planning meeting  
they are trying to raise beds to 10 from 6 - No, this is a neighborhood filled with kids.  
This is not safe for our families - please help - thank you
