Hello I am writing to day to ask that there be limitations put on what UC Merced is allowed to put on our streets. They allow their professors to attack the character of our elected officials and as a lifelong Merced citizen that concerns me I would like to ask that the city consider putting into effect the following

1. All banners to be pre approved by the city council or clerks office
2. All banners be academic in nature only
3. They be for a specific time such as one month to welcome new students to the semester or for two weeks to let locals know they are doing something special or having an open house

I thank you for your time and service

J A Thomas
