

SIGNATURES

We, the undersigned, residents, and/ or property owners, respectfully petition that the City of Merced not approve the proposal of General Plan Ammendment #21-01 and zone change #427.609 Q St. to construct a 4-plex because

1. Street parking and traffic is already heavy and tight. Adding a building that potentially would have more cars than currently on the street will unreasonably worsen traffic. The demand for parking by visitors (guests and vendors) to more families will make the parking situation worse, too.

2. The proposal does not appear to take into account the strain that so many more residents and vehicles will place on City resources, especially emergency services.

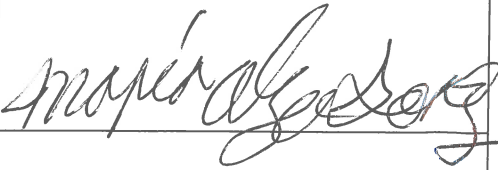

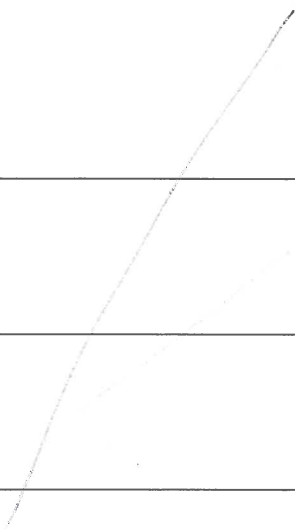

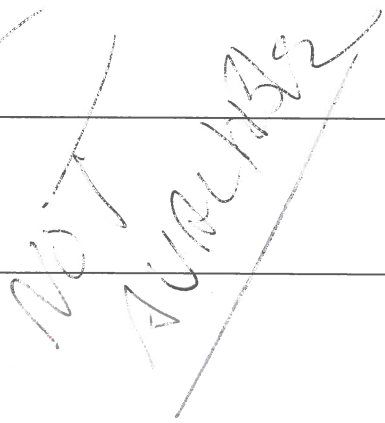

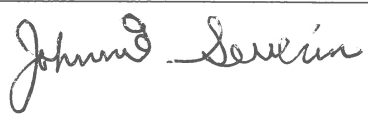

3. The City should not approve an application simply because it meets technical requirements. Or because it demonstrates a fulfillment that will unreasonably reduce the quality of life in this well-established neighborhood.

We presume this would be a "lower-income housing", and this loophole should not be utilized at the expense of the established homeowners and residents in that area. Any development should enhance residents' property and lives, and not the wallet of the developer's.

If any additional information is needed, please contact this number 209-777-5809. OFFICER D. A. PENN (RETIRED)
