Hello Council Members and Community,

My name is Jacqueline Santos I am a resident of Merced. I am calling to show my support for the city to look deeper into a resolution supporting street vendors in Merced. Street vendors provide our communities with plenty such as accessible fresh fruits. We know that attacks on street vendors have increased, including from folks in leadership. Street vendors are an important part of our community and like workers in deserve to be protected. We recommend the city to work alongside vendors and support their needs. I really want you guys to take action and Support the street vendors . Protect them because me as a Mexican I'm proud to be a Mexican and Support them no matter what . Thank You.
