Subject: Agenda Item B.1 ARPA Study Session

Hello,

I am commenting on Agenda Item B.1 ARPA Study Session. I stand with youth leaders urging the Merced City Council to fund youth futures by directing \$2.5 million dollars towards a guaranteed income program for young people and \$500,000 to create a job program specifically for 100 Merced high school youth.

Investing in young people is an investment in our collective future that will be felt throughout this crisis and benefit all of California for generations to come. We have already seen successful implementation of Universal Basic Income Programs in other Central Valley communities such as Stockton. Now more than ever, we need to fund our futures and invest in our young people. Thank you for your time!

Sincerely,
Bryan Garcia
