? Good evening. I live in your district and I'm writing regarding an item on the city council agenda regarding the possible censure of Council Member Perez. After reading the complaints I'm appalled that a Member of our council would act this way. No only did she act inappropriately once but twice and who knows how many times that haven't been reported. I think it's important to consider that she uses her position to intimidate people and may be participating in retaliation if she doesn't like what you say at a Council meeting. This is not the way I want my representatives to act. I urge you to vote to censure Ms Perez.

In full disclosure, I am a city employee. As such, I am held to a standard of behavior when representing the city. I expect Council members to be held to the same or higher standards.

Our city is better than this!

Sincerely
