Subject: Redistricting Hearing: I Support Map 106!
Date: Monday, March 07, 2022 10:10:44 AM

Dear Merced City Council,

I support Map 106, the Merced Forward Together map. It is important that my community remains together and be able to elect a candidate that represents us.

I'm a homeowner living in north Merced, and my family and I believe we need to create districts that follow the FAIR Maps act to create equitable districts and keep communities of interest whole.

Map 106 creates 3 districts with a Latino CVAP over 50%, prioritizes keeping communities of interest whole, and would ensure a smaller percentage of population deviation. This map also takes into account current and future growth of the city in District 6. This is an opportunity to create districts that center the needs of residents such as housing needs, completing neighborhoods and improving infrastructure, and building deep roots in the city of Merced.

The Forward Together map was created with input and support from Merced community members representing all six districts. Please support map 106. Thank you.

Sincerely,
Graham Larue
