**Re: Conditional Use Permit #1279 And Minor Use Permit 24-11**

Dear Ms., Abarca:

The Merced Irrigation District (MID) has reviewed the above referenced Project and offers the following comments:

1. There are no MID irrigation facilities within or adjacent to the proposed project. The subject property is located within the Merced Irrigation District Drainage Improvement District No. 1 (MIDDID No. 1) which storm water drains through the City's storm drainage system to the Hartley Slough and will be subject to fees once improvements are constructed. There are currently no storm drainage fees being paid at this time.

MID respectfully requests that the City require, as a condition of approval, the following:

1. Owner will be required to enter into an "Agreement of Inclusion" with MID for storm drainage, paying all applicable fees.
2. Owner be required to contact MID Engineering once improvements are constructed.
3. MID reserves the right for further comment as unforeseen circumstances may arise.

Thank you for the opportunity to comment on the above referenced application. If you have any questions, please contact me at 354-2882.

Sincerely,

*Mike Morris*
