DESCRIPTION

Since it was established in 1873, the Merced Fire Department (MFD) has continued to embrace and realize its mission of providing the highest levels of life, environmental and property protection to the citizens of Merced. The Department is comprised of four areas of responsibility, each of which is committed to ensure that the goals and objectives are realized in the most efficient, effective, and expeditious manner possible. The areas of responsibility are: Administration, Fire Prevention & Public Education, Support Services, and Training & Emergency Operations.

MISSION

The Mission of the Merced Fire Department is to provide the highest level of Life, Environment and Property protection to the Citizens of Merced through fire / rescue and emergency medical services, disaster mitigation, fire prevention / public education, and related services.

ADMINISTRATION

Within the scope of the Merced General Plan and approved policies & procedures, coordinate the efforts of the Fire Department to administratively meet the objectives of the City Council, including the current and projected fire and life safety needs of the citizens.

SERVICES TO BE PROVIDED

1. Identify and implement regional and/or consolidated efforts to reduce redundancy while providing high levels of service to the citizens and visitors of Merced. Including but not limited to: Researching and considering actions to enter into service agreements to provide fire and emergency response protection to U.C. Merced, and to the Merced County FD islands within and the fringe areas around the City.
2. Identify and implement the consolidation of services within the City to improve efficiency and effectiveness, so as to ensure high levels of service are provided to the citizens and visitors of Merced. Including but not limited to: fire prevention, training, and risk management programs.
3. Identify and apply for local, state, and federal grants, and other sources of revenue to enable the MFD to meet its Mission.
4. Conduct a collaborative strategic planning process to revise and/or validate the MFD Vision, Mission, Goals, and Objectives.
5. Complete the transition from the MFD Official Action Guides to the MFD Policies and Procedures Manual.
6. Streamline administrative and workflow processes to eliminate replication and create a more effective and efficient workforce.
7. Create, collect, retain, and appropriately distribute MFD records and reports.
8. Be fiscally prudent wherever and whenever possible.
9. Keep abreast of technology to enhance the Department's ability to efficiently record and disseminate payroll, incidents, property records, etc.

FIRE

SERVICES THAT DO NOT FIT INTO THE BUDGET

1. Reduce administrative staffing levels, which will result in increased timeframes for MFD personnel to take action on requests for information, copies of reports, and other non-emergency requests.
2. Reduce the hours that the MFD Administration offices are open to the public.
3. Secure technological solutions to assist the MFD to become administratively more efficient and effective.
4. Identification and implementation of a "green" philosophy in regards to administrative and fire station operations.

FIRE PREVENTION AND PUBLIC EDUCATION

Proactively diminish the potential for pain, suffering, and monetary loss from fire and injury, maintain inspection programs, and minimize the fire hazards by coordinating the systematic removal of weeds, trash, and other related dangerous conditions.

SERVICES TO BE PROVIDED

1. Modify and streamline the Weed Abatement program to minimize the risk for vegetation fires within the City.
2. Streamline the fire prevention activities within the City through collaboration with the Development Services Department.
3. Enhance the effectiveness of the Fire Investigation Program through coordination with the Merced Police Department to refine interagency responsibilities for the investigation of fires.
4. Administer the fireworks permitting and inspection program.
5. Conduct new and existing business inspections to prevent and mitigate fire and life safety hazards.
6. Administer the issuance of hazardous operations permits.
7. Provide a high quality public education program.

SERVICES THAT DO NOT FIT INTO THE BUDGET

1. Eliminate the Fire Inspector II position. Provide training to MFD personnel and partner with the Development Services Department to ensure that the City continues to meet all legal requirements, including:
 - a. State required inspections of child and elderly care facilities;
 - b. State required inspections of educational facilities;
 - c. High Hazard Permit inspections;
 - d. New business license inspections; and,
 - e. Tent permit inspections.

FIRE

2. Fire companies will no longer have immediate access to fire prevention assistance.
3. Eliminate the free training provided by the MFD to teach property owners how to test private fire hydrants. Implement a fee structure to cover the time and resources used to instruct the classes.
4. Reduce the weed abatement program to conduct fewer weed surveys, and increase the timeframes for personnel to respond to non-emergency requests/complaints.
5. Minimize the use of independent contractors to abate weeds from identified parcels, except for those that pose a significant fire and life safety risk.
8. Modify the administration of the fireworks permitting and inspection program, which has previously been completed by the Fire Inspector II. These changes will result in a greater workload on the fire companies and chief officers.
6. Reduce the annual inspection frequency of B type occupancies to triennial inspections, unless known hazardous conditions exist.
7. Reduce the MFD availability for providing public education details that would require the use of on-duty personnel. Consider placing the Public Education Safety trailer out-of-service.
8. Discontinue fire prevention inspections for Christmas tree sales lots, and holiday decorations in assemblies, schools, and large retail occupancies.
9. Discontinue providing free public education program informational materials to the citizens.

TRAINING AND EMERGENCY OPERATIONS

Prepare and maintain personnel with the skills necessary for delivering quality service to the citizens by establishing and adhering to performance and safety standards, recognizing and implementing federal, state, and local training mandates, and providing direction for career growth and advancement.

SERVICES TO BE PROVIDED

1. Maintain and/or improve upon the current Insurance Service Organization (ISO) Public Protection Class 2 Rating. These efforts will help to ensure optimum service levels, and will reduce marketing, underwriting, and pricing for homeowner and commercial insurance policies within the City.
2. Within budget limitations, ensure staffing and operational readiness levels are supported and maintained at or above the minimum levels to proactively meet the core services of the MFD.
3. Assess emergency and non-emergency response data to validate and/or modify operations to maximize effectiveness and efficiency of the Department.
4. Complete the required CFR 139 ARFF training to maintain an FAA approved operational status at the airport.
5. Conduct in-house training to comply with ISO and Occupational Safety & Health Administration (OSHA) requirements for company, multi-company, and departmental drills.
6. Manage training records and audit monthly reports to ensure ISO and OSHA training and response requirements are met and maintained.

FIRE

7. Maintain training and certification requirements for all employees to meet Emergency Medical Technician standards.
8. Conduct wildland refresher training to comply with the California Incident Command Certification System (CICCS) requirements.
9. Encourage training and experience opportunities for MFD personnel to become qualified in overhead and single resource ICS positions. The qualifications will enhance the Emergency Operations Center's response capabilities through expanded knowledge and skills.
10. Ensure the safety, health, and wellness of the MFD members is held as the top priority and that all safety issues are corrected expediently.
11. Conduct quarterly MFD Safety Committee meetings.

SERVICES THAT DO NOT FIT INTO THE BUDGET

1. Eliminate 18 (26% of line personnel) positions through attrition and/or layoffs
 - a. 12 firefighters;
 - b. 3 fire engineers; and,
 - c. 3 fire captains.
2. Close one fire station, which will increase response times, reduce the number of personnel available to respond to incidents within the City, and create a greater reliance on mutual-aid resources.
3. Reduce the daily staffing level of the truck company to three personnel, which will reduce the number of personnel assigned to fire and rescue incidents.
4. Consider browning-out one additional company, on an as needed basis, to manage overtime costs. This option would reduce the available resources to three engines and one truck company.
5. Discontinue sending personnel to training and conferences that are held outside of the City. Including, but not limited to:
 - a. Clovis Crunch Auto Extrication Training;
 - b. Flashover Chamber Training; and,
 - c. Fresno Training Officer's Symposium.
6. Restrict the extent of the Department's Health and Wellness Program, which could directly affect the overall fitness of MFD personnel.
7. Freeze reimbursements to employees for attending training that was previously paid in accordance with City Of Merced Administrative Policy P-6.
8. Reduce the training opportunities for the advancement of the Department in the areas of Fire Marshal, Fire Prevention, Fire Investigations, and State of California Master Instructor requirements for Training Officer.

FIRE

SUPPORT SERVICES

Support the operations of the Merced Fire Department by fulfilling the logistical needs through the maintenance and enhancement of facilities, apparatus, equipment, services, and materials. Assure the effective use of resources and technology through the application of equipment and technological advances.

SERVICES TO BE PROVIDED

1. Ensure the layout and operations of the City's Emergency operations Center (EOC) comply with NIMS mandates, and are as effective and efficient as possible.
2. Maintain all MFD facilities in a manner that epitomizes safety, functionality, and longevity.
3. Maintain all MFD fire apparatus in a manner that epitomizes safety, functionality, and longevity.
4. Incorporate technology to enhance the capability of the MFD and to be able to effectively compensate for reduced administrative staffing levels.

SERVICES THAT DO NOT FIT INTO THE BUDGET

1. Unable to upgrade the EOC infrastructure and operations to enhance the operational capability of the Center.
2. For the third consecutive fiscal year, the MFD will not be contributing to the fire apparatus replacement fund, which will continue to result in increase maintenance and repair expenses associated with the older apparatus in the fleet.

2011-2012 BUDGET HIGHLIGHTS

In this fiscal year, the Department will be greatly challenged to meet the fiscal challenges that are facing the City. The MFD will be required to reduce safety personnel by 18 positions, which will result in the closure and/or brown-out of at least one fire station. This reduction will result in increased emergency response times and reduced numbers of available personnel who are available to respond. It will also result in a greater reliance on mutual aid resources for incidents that were previously deemed to be routine in nature.

The Department will be diligent in meeting its Mission of providing proactive and reactive core services, while meeting the expectations of the City Council by: Remaining fiscally responsible, identifying and acquiring new revenue sources, and ensuring that the training and safety of the fire department members remains paramount.

COMMUNITY FACILITIES DISTRICT
FUND NOS. 150, 155, 156, 157, 158 & 164-194
ACCOUNT NOS. 0911, 1164, 1024, 1137, & 1166

PROGRAM

In January 2004, the City Council adopted Resolution No. 2004-3, establishing Community Facilities District (CFD) 2003-2 (Services) and authorized levy of a Special Tax.

Fund 150 is used to account for the cost of annexing developments into the CFD, and Fund 155 is used to account for the costs to administer the districts. Funding comes from developers upon request to annex.

Funds 156, 157, 158 and 164-194 are used to account for certain authorized public services, including fire and police protection, parks maintenance, and landscape, storm drain, and flood control, that are likely to benefit the property. Funding comes from the annual special tax apportioned among the lots or parcels within the district.

Staffing details directly associated with Funds 156, 157 and 158 are displayed with Fire, Police and Parks Maintenance--the primary funding sources for those departments.

FIRE

- 04-03 Estimated overtime eligible for reimbursement from State Office of Emergency Services
- 13-00 Includes postage for fire prevention activities.
- 16-00 Printing of public education and informational brochures, training materials, inspection forms, incident cards, weed abatement material, administrative forms, and permit forms.
- 17-00 Class B driver's license physicals, film processing, administrative awards, materials for public education program, software maintenance contracts, cleaning of sleeping bags, map reproduction, fire alarm test, and medical / technical ongoing certifications.
- 18-00 California Fire Chiefs Annual Conference; California Chiefs Quarterly Meeting; Training Officers Meeting; Fresno Training Symposium; Central Valley Chiefs Meeting; Central and Northern Area Fire Equipment Research; County Chiefs Meeting; City and County Meetings; Public Education Workshop; National Fire Academy Training; State Fire Academy Training; Breathing Apparatus Certification; EMT Instructor Development; Oil and FAA Flammable Liquids; CSTI Haz Mat Re-certification; Heavy Rescue/Rope Training, California Conference of Arson Investigators; Administrative Fire Services Section Workshop; San Joaquin Valley Employment Relations Consortium; Disease Prevention Class; FDIC West Instructor Conference; California Fire Chiefs Workshop; State Fire Training; and travel expenses associated with training in Line 20-00 below
- 20-00 National and State Fire Academy Certification courses; Advanced Officers training; Breathing Apparatus Technical School; Officer Development; Flammable Liquids Fire School; Nor-Cal Training Officers; CPR/EMT Instructors; Hazardous Material Instructor and Command Training; Heavy Rescue; Fire and Arson Investigation; California Conference of Arson Investigators; Fresno Training Symposium; Fire Rescue West; Seismic Education Training; Disease Prevention; Administrative Fire Services Workshop, FDIC West, Citywide management team building workshop; public education workshops; and tuition reimbursement.

FIRE (continued)

24-00 Memberships: International Association of Fire Chiefs; California Fire Chiefs Association; National Fire Protection Association; Central Valley Fire Chiefs Association; Society of Fire Service Instructors; Northern California Training Officers Association; Northern California Fire Prevention Officers; California Fire Chiefs Training Section; Fire Equipment Manufacturers Research; Conference of Arson Investigators; Fire Prevention Officers; Merced County Hispanic Network; FDSOA; California Disaster Committee; Administrative Fire Services Section

Subscriptions: Fire Engineering; American Fire Journal; Fire Chief; Hazardous Material Library Updates; Training Books; International Society of Fire Service Inst.; West Group; Fire Code Subscription Service; California Code of Regulations Updates; and Uniform Fire Code Inspection Guides

25-00 Materials and supplies for station cleaning and repair, - i.e. disposable supplies, replacement items, air conditioning repair, pest control, roof maintenance, door maintenance.

26-00 Radio service maintenance agreements, hydro testing, defibrillator maintenance, breathing apparatus repair and maintenance, paint for hydrants, hose and nozzle repair kits, foam, emergency medical aid and rescue equipment, investigations kits, hazardous materials program supplies, maps, fire extinguishers, ladder testing, rescue equipment maintenance, AIM gas detectors and maintenance, fire prevention equipment (smoke, propane, maintenance of trailer, maintenance of robot), pump testing equipment, servicing of all fire extinguishers, permits for fuel, absorbent for leaks, chain saws and basic equipment supplies.

27-00 Hand tools with expected life of less than one year used at all stations

28-00 Fire fighter safety and mutual aid gear -- helmets, turnouts, protective hoods, medical gloves, leather gloves, safety glasses, PBI hoods, band aids, gauze, and boots

29-00 Badges and uniform accessories, rehabilitation supplies- food/drinks at prolonged emergency scenes

MERCED POLICE DEPARTMENT
FUND NOS. 001, 013, 035, 050, 061, 157, & 451
ACCOUNT NOS. 1001-09, 1013-16, & 1023, 1024, 1025, 1026

DESCRIPTION

The Merced Police Department is composed of sworn and civilian employees that deliver a full range of law enforcement services to the community. The department is deployed into three divisions, Administration, Investigations and Operations. These divisions provide equal service to the three police areas, which are defined by geographical landmarks. Each area, North, Central and South, has distinct characteristics, which differentiate the way we police that particular area. In addition to the officers assigned to each area, the department maintains a Street Crime Unit and Gang Violence Suppression Unit, which act as resources to address acute or chronic problems specific to each area. The individual areas share many common traits and characteristics, which bind them with the other areas and standardize overall operations.

VISION

To be a trusted professional organization, renowned for exceptional, ethical, service committed to the communities within Merced.

MISSION

In order to accomplish our Vision, the Merced Police Department will:

- Provide professional services through honest, ethical, fair and consistent practices.
- Develop quality employees through appropriate education and training.
- Enhance the provision of life and property protection, utilizing advanced technology.
- Encourage and participate in open communications with the communities we serve.

SERVICES TO BE PROVIDED

Within budget constraints continue existing citywide crime reduction programs, which include prevention, enforcement and investigation.

CRIME REDUCTION

- ◇ Continue citywide traffic accident reduction programs, which include prevention and enforcement activities.
- ◇ Reduce the number of injury and fatal collisions in the city through increased patrol and enforcement in areas with a high number of collisions.
- ◇ Reduce Part I Crimes in targeted areas. The department will continue to use statistical information to identify target areas and establish Neighborhood Watch programs and crime prevention methods in those targeted areas using the media, print, radio and television.
- ◇ Maintain investigations of Hi- Tech Crimes including those crimes involving computerized evidence like cell phones, computers, cameras, etc. and continue to provide investigative services to the City of Merced and other local agencies.

CRIME PREVENTION

- ◇ Continue our existing Community Based Policing and Problem Solving techniques in the neighborhoods and with community groups.
- ◇ Continue to support existing Neighborhood Watch Programs in each policing district and implement Safe Streets where and when appropriate.
- ◇ Continue graffiti abatement working in close harmony with Environmental Compliance Resources (E.C.R.).
- ◇ Continue our Graffiti/Attendance program to enhance our relationship with the schools, Juvenile Probation and the District Attorney to reduce the incidence of graffiti and the prosecution of those guilty of applying graffiti.
- ◇ Continue to work, through community groups and the media, to keep citizens informed of Homeland Security issues.
- ◇ Conduct a Citizens Police Academy to educate the citizens about the nature of law enforcement work and their police department.
- ◇ Continue to participate in Merced Community Violence Intervention Prevention (COMVIP) Task Force by conducting gang education and awareness presentations at local schools and community locations and by partnering on grant applications to secure funding to provide programs which offer alternative activities for children and anti-gang education for families. Presentations will be reduced according to staffing limitations.

ENFORCEMENT

- ◇ The Gang Violence Suppression Unit will continue its efforts to reduce gang related crime through vigorous enforcement activities.
- ◇ Through Grant funding, we will conduct (6) AVOID the 11/DUI checkpoints and (30) additional DUI saturation patrols in a continued effort to impound vehicles being driven by DUI drivers and those with suspended or revoked drivers licenses.

SERVICES THAT DO NOT FIT INTO THE BUDGET

- ◇ North Area Sub-Station – We will relocate personnel to Central Area Station therefore, calls for service to the North district may expect longer response times. This move will increase traffic through the Central Area Station and increase parking congestion around the building where parking options are already limited.
- ◇ School Resource Officers Assigned to School Sites – With severe staffing reductions, middle school resource officers must be reassigned to patrol. Patrol officers will be responding to calls for service at middle school sites and not being on site will create longer response times.
- ◇ Traffic Division – the Traffic Division will no longer focus solely on traffic violations, speed enforcement, accidents and DUI enforcement etc. In order to ensure an acceptable level of service to the community, the unit must be absorbed into patrol and will be required to perform more generalized public safety duties.
- ◇ Gang Awareness and Prevention presentations at city schools and community meetings will be reduced to what staffing levels allow.
- ◇ Community demonstrations of specialty units like Bomb, SWAT and K-9 will be reduced significantly in an effort to conserve supplies, ammunition and officer overtime costs.

2011-2012 BUDGET HIGHLIGHTS

Mandated budget cuts the last two fiscal years demanded cost reductions in every area possible. No acquisitions were authorized or requested and we reduced goods and services to the minimum levels necessary to function. Travel and training was reduced to only that which is P.O.S.T. mandated or necessary to retain certifications.

POLICE

In an effort to further reduce costs for the 2011-2012 fiscal year, we have examined the overall organizational structure both vertically and horizontally. We continue to assess the possibility of realignments, elimination of functions, the possibility of contracting out functions, changes in policies and standard operating procedures and changes in our business model to recover revenue and reduce costs.

With a mandated 15% budget reduction for fiscal year 2011-2012, and our operating costs already cut to true levels, we will be forced to reduce personnel significantly. It will be necessary to return Traffic Officers, School Resource and Gang Intervention Officers to Patrol Operations in order to meet the minimum staffing levels necessary to maintain an acceptable level of service to the community. Investigations, Animal Control, Records, Communications and Gang Violence Suppression divisions will all be tasked to maintain acceptable levels of service with the same or fewer personnel as the previous fiscal years.

We will continue to support programs like Neighborhood Watch and other community programs will be serviced to the maximum level possible with reduced staffing.

The department will continue to work diligently to maintain its current level of service with fewer personnel and on a budget of what we have determined to be our true operating costs. We will continue to restructure the department in an effort to maximize our efficiency using fewer employees and retention of our remaining personnel will continue to be a high priority.

COMMUNITY FACILITIES DISTRICT
FUND NOS. 150, 155, 156, 157, 158 & 164-194
ACCOUNT NOS. 0911, 1164, 1024, 1137, & 1166

PROGRAM

In January 2004, the City Council adopted Resolution No. 2004-3, establishing Community Facilities District (CFD) 2003-2 (Services) and authorized levy of a Special Tax.

Fund 150 is used to account for the cost of annexing developments into the CFD, and Fund 155 is used to account for the costs to administer the districts. Funding comes from developers upon request to annex.

Funds 156, 157, 158 and 164-194 are used to account for certain authorized public services, including fire and police protection, parks maintenance, and landscape, storm drain, and flood control, that are likely to benefit the property. Funding comes from the annual special tax apportioned among the lots or parcels within the district.

Staffing details directly associated with Funds 156, 157 and 158 are displayed with Fire, Police and Parks Maintenance--the primary funding sources for those departments.
