SUMMARY

This application is for a permit to utilize the property at 808 W. 16th Street for cannabis-related business activities. The permit seeks to allow Canna Corn, Inc., DBA Medallion Wellness (hereinafter referred to as “Medallion Wellness” or “Medallion”), to operate a Retail Dispensary for medicinal and adult use cannabis and cannabis-related products, including delivery services. The project proposes to use and modify an existing building, which has existing access to utilities. Staff is recommending approval with conditions.

On March 4, 2019, the City Council adopted Ordinance 2498, amending Section 20.44.170 of the Merced Municipal Code which deals with cannabis regulations. Ordinance 2498 increased the number of permitted retail sales dispensaries of cannabis to five (5). Medallion Wellness was ranked by the Selection Committee as the fifth highest-scoring application, and is therefore being brought before the Planning Commission for consideration.

PROJECT DESCRIPTION

The applicants are proposing to operate a cannabis dispensary business for medicinal and adult-use cannabis and cannabis-related products at 808 W. 16th Street. This application includes delivery services.

Surrounding Uses

| Surrounding Land | Existing Use of Land | City Zoning Designation | City General Plan Land Use Designation |
|-------------------------|---|--------------------------------|---|
| North | Used Car Dealership (across 16 th Street) | Central Commercial (C-C) | Regional Community Commercial (RCC) |
| South | Warehouses (across railroad tracks) | General Commercial (C-G) | General Commercial (CG) |
| East | Lupian’s Mexican Restaurant | General Commercial (C-G) | General Commercial (CG) |
| West | Carwash | General Commercial (C-G) | General Commercial (CG) |

BACKGROUND

This application has been given Provisional Zoning Clearance for Phase I screening, which is subject to final approval by the Planning Commission. The applicants have paid the fee for Phase II. Background checks on all owners have been performed to the satisfaction of the Chief of Police.

FINDINGS/CONSIDERATIONS:

General Plan/Zoning Compliance

- A) The proposed project complies with the General Plan designation of General Commercial (CG) and the zoning designation of General Commercial (C-G) with approval of a Commercial Cannabis Business Permit.

Land Use Issues

- B) Provisional zoning review indicates that the subject site is more than 1,000 feet from any schools and more than 600 feet from any day care centers, youth centers, libraries, or public parks that are currently in existence, as is required by Section 11362.768 of the Health and Safety Code and Section 20.44.170(E).3.f of City of Merced Ordinance 2498 for cannabis dispensaries (Attachment J). 20.44.170(L).1.g.iii.f states that, “The Provisional Zoning Clearance shall be subject to final approval by the Planning Commission.

Merit-Based Scoring

- C) The City Selection Committee, made up of the City Manager, Chief of Police, and Director of Development Services, ranked this application #5 of all retail sales Dispensary applications, with an average score of 89.667. The full scoring sheet for this application is at Attachment G.

Proposed Operations

- D) The applicants propose the operation of a retail sales dispensary for both medicinal and adult-use cannabis and cannabis-related products, including delivery services. Approximately 1,421 square feet of the building is proposed as the retail area, with approximately 639 square feet for the lobby. These areas comprise the total of space that would be accessible by members of the public. The remainder of the building is for “back-of-the-house” purposes such as storage and delivery.

Traffic/Circulation

- E) As the project is proposed in an existing building with existing access to the City’s roadway infrastructure, and due to the conformity with the zoning and land use for the site, no concerns related to traffic or circulation have been raised as a result of this project.

Parking

- F) The site plan proposes 24 parking spaces adjacent to 808 W. 16th Street, with two of those being ADA-compliant spaces. The 7,080-square-foot building, using the general retail requirements for portions accessible to the public and the warehousing requirements for the portions inaccessible to the public, would require nine (9) spaces. The City’s Zoning Code requires one space per 300 square feet for general retail, using a 15% reduction in usable space for hallways and other ‘non-public’ spaces, and one space per 2,000 square feet for warehousing. Therefore, the proposal meets and exceeds the City’s parking requirements.

Neighborhood Impact/Interface

- G) The proposed property is surrounded by commercial uses to the west, north, and east. To the south of the property, across the railroad tracks, are warehouses. The project proposes significant upgrades to the property, including robust security; a building that has been vacant for some time represents a potential risk for illegal activities. The project would also improve the parking lot and the appearance of the building.

Staff believes that the project will enhance the neighborhood, particularly as it relates to safety and security. Planning staff circulated a public hearing notice in the Merced County Times and mailed the notice to property owners within 300 feet of the subject site at least ten days prior to this public hearing. As of the date that this report was prepared, staff had not received any comments from the community about this project.

Elevations/Signage

- H) Exterior signage shall be limited to one wall sign not to exceed twenty (20) square feet in area. Interior signage or advertising may not be visible from the exterior. No temporary signs including but not limited to, banners and A-frames, nor window signs are allowed. The details of final elevations and signage shall be approved by Planning staff prior to issuance of a Certificate of Occupancy (Condition #20).

Safety/Security

- I) The applicants' security plan includes the following provisions, with the note that since the time of submittal, the applicant's preferred security provider has changed. While references to "Bay Alarm Co." remain in text for the sake of accuracy to the original submittal, City staff is comfortable with the applicant selecting the qualified security provider it feels is most appropriate. A planned layout of cameras and security equipment is at Attachment I.
